Repeal Labor Law; Truman

Also Calls For Curb On Inflation

Washington, Sept. 1—(AP)—President Truman called for repeal of the Taft-Hartley act in a Labor Day message tonight.

He spoke out for higher minimum wages, adequate social security for more workers, national health insurance and a strengthened labor department.

Lauding workers for a major part in today's all-time high records in employment, production, income and profits, the president declared that inflation is cutting actual earnings of some despite pay hikes.

"We must act to end this economic dislocation," he said.

To speak in Detroit.

Mr. Truman, scheduled to make a major labor political speech in Detroit on Labor Day next Monday, no doubt will touch there on some of the points he mentioned in today's statement as economic needs for the working man.

He did not mention his old target congress whose job it would be to provide the measures he spoke up for today.

He said a heavy vote in November would mean that the outcome "will be the decision of all America" and urged that every eligible voter turn out.

Says Labor Restricted

Mr. Truman did not mention the Taft-Hartley law by name. He said: "There is at present on the statute books a law which unfairly restricts labor unions and their members. It should be repealed."

"Better legislation on labor-management relations is an absolute necessity in the program to increase our economic strength and to improve our national standard of living."

Turning to the Labor Department, he said that all workers lack the services which could be provided "by an integrated department of labor provided with adequate staff and adequate funds." It has been the contention of Mr. Truman and labor groups that the Republicans have weakened the department by carving away various functions.

Mr. Truman praised labor for working as a team with agriculture and business, and for its increasing interest in government.

He said our goal now is to continue to increase our production and our standard of living.

Segregation Causes Wallace To Cancel Speech

Birmingham, Ala., Sept. 1—(AP)—A shower of eggs greeted J. P. Mooney, Progressive party campaign chairman of Alabama, today after he announced that Henry Wallace had cancelled his Birmingham speech because of segregation.

Police had stretched a rope on the west side of the Jefferson county courthouse to separate whites and Negroes.

Police Commissioner Eugene (Bull) Connor estimated that 3,000 persons had gathered to hear the Progressive party's candidate for president. Approximately 250 were Negroes, who stood on the north side of the rope.

Mooney took the speaker's platform.

"The Progressive party of Alabama had hoped to present to you the greatest living American, the man President Roosevelt chose for secretary of agriculture and vice president of our great country," he said. "However, the Progressive party will not take part in any gathering that violates the Constitution of the United States."

"We believe in free speech and free assembly without police restriction or police intimidation."

After he finished, about a dozen eggs sailed from the crowd toward Mooney. Now he hit him. Police started to arrest a boy, but he said he didn't know he wasn't supposed to throw eggs. He was not arrested.

After the meeting nine Negroes appeared at the scene bearing signs critical of Wallace. They told reporters they had intended to picket.

They described themselves as civic minded Negroes interested in the national welfare of their race.

Extend Search For Escaped Convicts

Michigan City, Ind., Sept. 1—(AP)—State police were searching today for three trustees who walked away yesterday afternoon from a farm at the state prison.

The men were identified as Zebebe Mathews, 39, and Thomas C. Cowherd, 33, both sentenced in Indianapolis, and Archie Jones, 34, sentenced in Fort Wayne.

Pleas To Hurry Up Soldier Bonus Tax Vets' Ingenuity

Chicago, Sept. 1—(AP)—The job of paying the Illinois soldier bonus is three fourths finished. But officials still are being bombarded with pleas from veterans who haven't yet received their checks.

Here's a sample from correspondence received by the Chicago office of the Illinois Soldier Recognition Board:

"Doctor tells me I have only three months to live. I'd like to get my money sometime soon so I can spend it myself rather than have anyone else get hold of it, a dying man."

The veterans money will reach him in time, if what he wrote is true, Colonel Chester L. Fordney, the board's deputy director, said.

Some pleas aren't so tragic. One artistic veteran expressed his "hurry up pay me" desire in colored sketches on the envelope. He depicted himself on a sinking raft, yelling out an "SOS" to a passing ship loaded with money bags.

Some of the more bizarre reasons advanced by veterans wanting prompt bonus delivery include wanting to skip town before the wife comes back from mama and grabs the dough, desire by service men for a last fling before shipping overseas, etc.

Impending marriages, making a down payment on a house in face of eviction, paying the doctor bill for a new baby, and meeting expenses for an operation are some of the more serious needs, the service board said.

G.O.P. Will Clean Out Communists In Washington: Dewey

Albany, N. Y., Sept. 1—(AP)—Gov. Thomas E. Dewey said tonight the job of cleaning communists out of Washington would get underway "as fast as a Republican president can be elected."

The GOP presidential nominee made the statement at a joint news conference with Harold E. Stassen, one of those he defeated for the nomination.

Stassen, former governor of Minnesota, came to Albany tonight for a conference about the campaign, speech he will make in Detroit next Tuesday on behalf of the Dewey-Warren ticket.

Dewey's attention was called to a statement by Rep. Hugh Scott, Jr., chairman of the Republican national committee, that Dewey believes driving the communists from Washington is an urgent and pressing national problem.

"That is no secret," Dewey commented.

It would be "a natural thing" he added, to call on the FBI and the Secret Service for help.

Robert Mitchum, Two Actresses, Freed On Bond

Hollywood, Sept. 1—(AP)—Handsome Robert Mitchum, screen player, and two attractive actresses, left jail under \$1,000 bond each today after their arrest earlier in a narcotics raid on a Laurel Canyon home.

Mitchum, along with actress Lila Leeds, 20, dancer Vickie Evans, 25, and Robin Ford, a real estate agent, were booked on suspicion of violating state and federal narcotics laws after police said they broke in on a marijuana smoking party in the girls' home. Ford, 31, remained in jail temporarily.

The 31-year-old actor and the two girls were freed after they had posted bond on their petitions for writs of habeas corpus. The writs will be heard in superior court Sept. 8.

Det. Sgt. A. M. Barr of the Los Angeles narcotics detail said that both men were smoking marijuana cigarettes when the officers broke into the home after a long vigil during which they made friends with Miss Leeds' three boxer dogs.

They said they took from Mitchum a package with 13 of the "reefers" and that blonde Miss Leeds gave up several more.

Death Of Zhdanov Will Interrupt 4-Power Talks

Moscow, Sept. 1—(AP)—The death of Andrei A. Zhdanov is almost certain to interrupt at least for a few days the four-power Moscow talks on Berlin and Germany.

Both Prime Minister Stalin and Foreign Minister V. M. Molotov will be extremely busy during the next few days taking a personal part in the funeral for the deceased member of the 14-man politburo.

Stalin himself probably will be one of the pallbearers when the casket is carried to Red Square for the funeral services Thursday evening.

It is impossible, therefore, that either of these leaders will have time for any Kremlin conferences, for at least the next two days and possibly not until next week.

Berlin Parley 'Top Secret'

BIDS TWENTY CENTS ON BICYCLE, GETS IT

St. Louis, Sept. 1—(AP)—Thirteen-year-old Charles Goldman, Jr., had just 20 cents when he bid on a bicycle at a police department auction today—but it was more than enough.

Charles watched several other bicycles go for from \$7 to \$14. Finally he got enough courage to shout out "Twenty cents" when a shiny model went on the block.

After a pause someone in the audience said, "let him have it." Police Capt. Troy Ferber bid — putting some money of his own in the pot and letting Charles keep his two dimes. A previous bicycle young Goldman owned was stolen a month ago.

German Court Acquits Former Hitler Associate

Stuttgart, Germany, Sept. 1—(AP)—Hjalmar Schacht, the former wizard of German finance, was acquitted today from a German Appeals court on charges he was a major Nazi offender.

It was the second time that Schacht, now 69, escaped from a prison sentence or worse on charges stemming from his association with Adolf Hitler and the Nazi regime.

The international military tribunal in Nuremberg two years ago refused to find him guilty of war crimes for which other high Nazis paid either with their lives or prison terms.

Today the court held that Schacht's eight-year prison term passed by a Stuttgart denazification court was unjustified in view of Schacht's participation in the opposition movement against the Nazis from 1936 onward.

Russell Long Leading In New Orleans Primary

New Orleans, Sept. 1—(AP)—Russell Long, son of the late Huey P. Long, was increasing his lead tonight over Robert Kennon for the United States senate as returns neared completion.

Long had a lead of 8460 votes with all but 66 of the state's 1983 precincts reported. The unofficial count of yesterday's Democratic primary election showed Long 558,103; Kennon 249,643.

Country votes, tabulated late, pushed Long ahead today. Most of the precincts still to be reported were rural.

The race was for the unexpired term of the late Sen. John Overton. Long said today he hoped to achieve a majority of 9,000.

Kennon said he was "watching the returns closely" and would make no comment on the race until they were all in.

The lead switched four times during a night and day of tabulating returns.

New Orleans and the state's other larger cities generally ran up majorities for Kennon, who sharply criticized Gov. Earl K. Long's administration. But the country people came through for 29-year-old Russell, as they had in past years for his father and his uncle, the governor. Some urban areas that gave Governor Long majorities in his gubernatorial race last February were in the Kennon column.

Pope Decrees Prayer For U.N. Meeting In Paris

By Philip Clarke
Castel Gondolfo, Italy, Sept. 1—(AP)—Pope Pius XII declared today the United Nations will meet in Paris at a critical crossroad in history and that if ever an assembly of men needed the help of prayer this was it.

The Pope expressed hope to more than 500 American Catholic pilgrims at his summer residence here that the United Nations might prevent the "unimaginable catastrophe" of another war.

He called attention to the U. N. assembly which will open in Paris Sept. 21 after delivering a grave summation of the world situation.

In obvious reference to the unsettled conditions stemming from failure to settle East-West differences and the spread of communism in eastern Europe, the Pope said: "The tragic fact is that millions of human beings who were caught up in the maelstrom of a war which was declared finished more than three years ago are still in this very Europe living in conditions that are inhuman; war still rages in more than one section of the world, while other millions must suffer under an unwanted tyranny."

Strive For Settlement Of Russ Block

Berlin, Sept. 1—(AP)—The four military governors of Germany held their second top secret conference today aimed at settling the crisis over Soviet blocked Berlin.

Restoration of rail traffic between Berlin and western Germany appeared to be under consideration. In this connection the French licensed newspaper *Dei Kurier* reported that the "technical difficulties," cited by the Russians as their initial reason for blocking the only rail line from western Germany to Berlin 70 days ago, had been overcome.

Today's meeting of the four military governors lasted three hours. Gen. Lucius D. Clay, the American military governor, said they will meet again tomorrow. Asked if any progress had been made, he replied "it is too early to tell."

Committees Continue Talks

Meanwhile, he said, working committees will continue their discussions on transport, finance and trade. Their findings were relayed to the military governors.

The transport committee would deal with technicalities accompanying lifting of the ground blockade that made the western powers resort to the gigantic air lift operations to supply their sectors of Berlin.

The importance of that meeting was emphasized by the presence of generals from all four powers. The working committees followed the pattern of secrecy set by their chiefs. Officials said they were "unauthorized to comment."

Western allied transport officials were asked about published reports that western supply trains would start moving through the Soviet zone by Sunday. "Some one obviously is guessing," they said. "We have no information on it."

Officials Deny Reports

Railway officials at Helmsdorf denied reports they had received orders alerting them for reopening of the Helmsdorf-Berlin line.

Finance experts were believed to be trying to work out a single currency system for Berlin, where Soviet and western-sponsored marks are now in competition. If the Soviet-sponsored mark is made the sole medium of exchange in Berlin the western powers want it under four-power control, informants said.

All three committees were believed to have instructions from the military governors. In turn, the governors were working under directives flown to Berlin from the four-power negotiators in Moscow.

Gen. Clay, his British counterpart Gen. Sir Brian Robertson, the French governor Lt. Gen. Pierre Koening and Soviet Marshal Vassily Sokolovsky, met in the main allied control council conference room.

Air Force Chief States Berlin Will Be Supplied

St. Louis, Sept. 1—(AP)—Gen. Hoyt S. Vandenberg, chief of staff, said today the United States air force must be forever ready to retaliate with intensive long-range bombing operations against the "heartland" of any enemy on the earth.

Speaking before the Veterans of Foreign Wars convention, he said: "World conditions have compelled us to hold ourselves in readiness for instant emergency. Although we are a peacetime air force, we must be ready for instant war."

The general told delegates they are entitled to an answer to the question whether the Berlin air lift, which he referred to as the air forces' No. 1 job, can be maintained through the winter.

"My answer is this: We can and we will keep Berlin supplied," he said. Then he added that the cost of such an operation both in lives and planes "may be high."

First Draft Call For 10,000 Men

Washington, Sept. 1—(AP)—Selective service headquarters sent out its first official draft call today for 10,000 men to serve in the army.

The quotas for states and territories were not reported.

The first draftees are expected to be in uniform in November. Registration of men 18 through 25 began Monday with the oldest group, the 25 year olds, signing up first. It will be completed Sept. 18 when the 18-year-olds winds up the registration. Men in the 18-year-old group are not subject to service until their next birthday, but must register.

Tomorrow and Friday all men born in 1924 must register.

Third Party Asks Supreme Court Review On Ban

Chicago, Sept. 1—(AP)—Progressive party leaders said tonight they will ask an Illinois Supreme court review of the State Electoral Board's ballot ban of the Wallace-Taylor ticket.

The board ruled yesterday that the Progressive nominating petitions failed to meet legal standards for listing on the November ballot.

Knocked off the ballot by the ruling are Henry A. Wallace and Sen. Glen Taylor, Progressive candidates for president and vice president, as well as the party's state ticket.

The state slate is headed by Grant Oakes, president of the CIO Farm Equipment Workers union, for governor, and Curtis MacDougall, Northwestern University professor, for senator.

A joint statement issued by C. B. Baldwin, Wallace's campaign manager, and William H. Miller, the party's state director, termed the electoral board's ruling "a shocking violation of the free election system." The statement continued:

"The unanimous decision of the Illinois three-man board is a great indication of what sheer nonsense is the ancient claim that the Republicans are quietly encouraging our campaign."

"The fact that the Republicans on the board voted with the Democrat shows that they are just as frightened as the Truman bunch by the growing millions rallying to the Wallace-Taylor ticket."

Charles A. Beard, Roosevelt Critic, Victim Of Anemia

New Haven, Conn., Sept. 1—(AP)—Historian Charles A. Beard, who several months ago accused President Franklin D. Roosevelt of setting up precedents which threatened American constitutional government, died today.

The death occurred at Grace-New Haven Community hospital. He entered the institution August 2 after a short illness at his New Milford home. Attending physicians gave apoplexy as the death cause.

Beard's accusations were made in his last historical volume entitled "President Roosevelt and The Coming of the War 1941. A Study of Appearances and Realities."

Published last April, the book criticized President Roosevelt's foreign policy leading up to World War II and asserted Japan was "maneuvered" into firing the first shot of the war which the president considered "inevitable" as early as October, 1940.

Beard charged the president with using secret means to bring about the defeat of Hitlerism.

Schuman's Efforts To Form Cabinet Marred By Strikes

Paris, Sept. 1—(AP)—Sporadic strikes began breaking out all over France today, complicating Robert Schuman's efforts to form a new government.

The labor unrest was marked by walkouts of but brief duration involving only a few hundred or a few thousand workers at a time.

In outlining his program to the National Assembly yesterday when he won endorsement for premier, Schuman said he was against general wage increases and for price hikes for bread and milk.

Schuman, whose previous government resigned 43 days ago, spent most of the day trying to persuade reluctant socialist party members to come into his government.

REPORTS ROBBERY VIA MAIL
Rockland, Me., Sept. 1—(AP)—A \$1,500 safe robbery on Matinicus Island, 20 miles off Maine's coast, was reported to Sheriff C. Earle Ludwick here today—by special delivery letter.

Deputy Sheriff Orrin Ames sent the information by mail because the island's only telephone was out of order.

F. C. C. Advised By House To Cancel Atheist Ruling

Washington, Sept. 1—(AP)—The federal communications commission today to cancel its controversial ruling that has broadcasters wondering where to draw the line at airing atheism.

Rep. Harness, (R-Ind.), chairman of a special group investigating the FCC, said the 1946 opinion is "most unfortunate" and he believes the FCC exceeded its authority.

While FCC officials came to defend the ruling, the Rev. Edmund Geoghegan, S.J., vice president of the National Council on Religion and the Decision's basic principles.

If these were followed, he said, the problem presented "is far broader in scope than the complaint against the particular stations here involved."

Committee members and broadcasters did not question the propriety of the decision but they sharply criticized the wording.

Truck Drivers Begin Strike

WILHELMINA CHEERED BY WORKING PEOPLE

Amsterdam, Sept. 1—(AP)—Queen Wilhelmina drove through the largely Communist Jordan quarter today to visit the working people of Amsterdam.

The 68-year-old queen, who is abdicating Saturday, drove in an open-back limousine with her successor, Princess Juliana, through the section where she was booed on her accession to the throne half a century ago by the most independent of her homelands.

Today she was cheered on the occasion of her golden jubilee.

Deny Subversive Aliens Are Here Under U.N. Cloak

Washington, Sept. 1—(AP)—A three-man committee named by Secretary of State Marshall threw cold water today on charges that Soviet-bloc aliens are using the United Nations to cloak subversive activities in this country.

The committee said the accusations were "irresponsible" and lacked "factual support."

The charges were aired last July by three minor state department officials in testimony before staff members of a senate judiciary subcommittee headed by Senator Reverend (R-W. Va.).

Commenting on the Marshall committee's findings, Chairman Wiley (R-Wis.) of the full Senate judiciary committee, told newsmen at Chippewa Falls, Wis.:

"Senator Reverend's subcommittee was seeking to get at the truth of whether or not subversive aliens were permitted to enter this country by any means. That is the issue."

"If any government official, high or low, knows that foreign terrorists are entering this country, it is his duty to report that fact to the appropriate officials."

Marshall's committee acknowledged some "potential danger" from subversive aliens using U.N. credentials in the United States, but their report said the presence of these "relatively few" individuals is "vital to the work of the U.N. and other international organizations."

Set New Records In Trials For 1948 Air Races

Cleveland, Sept. 1—(AP)—Two new Thompson speed records were set today as trophy flyers ripped courses apart to write sensational high marks in qualifying trials for the 1948 national air races.

Charles E. Brown, 25-year-old Indianapolis test pilot, was the latest qualifier to set a new mark in the Thompson event with a blazing 418.3 miles per hour speed for two laps around a 15-mile course.

Brown shattered the five-hour-old qualifying record of 417.4 miles an hour notched earlier today by Cook Cleveland, holder of the 1947 Thompson trophy.

Brown's speed was the fastest average ever made on a race course with a propeller plane, and his first lap rate of 420 miles per hour was the greatest one-lap speed ever attained in that class.

He flew a "sopped up" P39Q Cobra II, the same plane which carried Tex Johnston of Buffalo, N.Y., to victory in the 1946 Thompson event. The craft has been equipped with a new, supercharged Allison engine.

Air race managers, pilots and mechanics expected most of the 1947 race records to fall over the weekend due to the new high speeds reached by the propeller planes.

There were 31,000 fires in the U.S. in a single year from defective or over-heated chimneys and flues.

Announce Opening Of Republican Campaign Tour

Springfield, Ill., Sept. 1—(AP)—Republican state candidates will open their fall election campaign tour Sept. 14, party headquarters announced today.

Separate caravans headed by Gov. Dwight H. Green and U.S. Senator C. Wayne Brooks will make a four weeks swing through the 101 downstate counties. The final three weeks of the campaign will be spent in Chicago and Cook county.

The Green caravan will open in Vandalia, Fairfield and Mt. Vernon. Traveling with the governor will be Richard Yates Rowe, nominee for lieutenant governor, and William G. Stratton, nominee for secretary of state.

The Brooks group will spend their first day in Alton and Edwardsville. With Brooks will be Simon A. Murray, running for state auditor; attorney general George F. Barrett, seeking reelection, and Elmer H. Droste, candidate for state treasurer.

ESTABLISH POLICY TO KEEP COMMUNISTS OUT OF ARMY
Washington, Sept. 1—(AP)—Efforts are being made to establish a uniform policy in preventing infiltration of Communists and subversives into the armed forces, it was reported reliably tonight.

Railroads Put Embargo On Freight

New York, Sept. 1—(AP)—About 9,500 AFL union truckers quit work today in a potentially critical walkout which quickly led railroads to order halting of most rail freight shipments to the metropolitan area.

Mayor William O'Dwyer conferred with union and employer representatives, then announced he did not expect an immediate settlement of the pay hike dispute.

The city will decide on measures to try to end the stoppage after a meeting of union delegates set for 11 a.m. (CST) tomorrow, O'Dwyer said.

Announce Embargo
The mayor declared emergency supplies would be kept rolling.

The Association of American Railroads, which announced the embargo on rail freight, said it would apply to all carload or less-than-carload shipments destined for New York City or New Jersey points from which it would be carried by boat to the metropolis.

Nearly all freight coming into New York is moved on trucks either from piers or rail terminals.

The embargo will be effective tomorrow unless the strike is settled. City officials feared the stoppage might grow to the proportions of the 1946 trucking strike which seriously curtailed movement of food into the city and caused severe loss to many businesses.

All Policemen On Duty
Acting Police Commissioner Thomas F. Mulligan said he had suspended all days off for most members of the department for the duration of the work stoppage.

The New York Commerce and Industry association wired President Truman asking his intervention.

The men who walked out were members of Local 807, the largest unit of the International Brotherhood of Teamsters in the city. The local has about 13,000 members but many of them are at work under contracts not involved in the dispute.

Reject 15 Cent Raise
In balloting Local 807 rejected by more than two-to-one an agreement reached by its officers with the truck operators last week.

This called for a 15 cents an hour pay boost, but did not provide pensions and other benefits sought by the drivers and helpers. They originally had asked 50 cents an hour more.

John E. Strong, president of Local 807, said in view of the "no" vote the union members would not work because they have no contract.

There was speculation the stoppage might spread to two other large locals in the city—282 and 816 and possibly to eight others in the metropolitan area. If so, a total of 40,000 men would be involved.

JAPS SURRENDERED THREE YEARS AGO

Thursday of this week is the third anniversary of the formal surrender of Japan aboard the U. S. battleship Missouri in Tokyo bay. But the country has already observed Aug. 14, the actual date of the Japanese surrender in 1945, as World War II Victory Day. Pacific War Memorial, Inc., headed by Lt. Gen. Richardson, wants Congress to designate Sept. 2 as V Day for future observance. Three bills on this subject were introduced in the 80th Congress. Each named Aug. 14 as V Day.

It was not until May 1938, nearly 20 years after the armistice in World War I, that Congress got around to designating Nov. 11 as Armistice Day. Congress then made it a legal holiday for the District of Columbia. Congress has no power to declare "national" holidays. All of the states had previously made Armistice Day a holiday within their borders.

At 1 p. m. on Nov. 11, 1918, President Wilson read the terms of the World War I armistice to Congress. Then he said: "The war thus comes to an end: for, having accepted these terms of armistice, it will be impossible for the German command to renew it." However, the formal termination of that war was delayed for more than two and a half years—until July 2, 1921, when President Harding signed a joint resolution of Congress which declared the state of war with Germany and Austria "at an end."

President Truman proclaimed the "termination of hostilities" in World War II on Dec. 31, 1946; the war itself has not yet been declared at an end by any formal action of the president or of Congress.

High Wire Stars With Zingabado Grotto Circus

Like parachute jumpers, the Wallendas never rehearse in the air. For three years they practiced their bicycling tight wire act on a wire exactly two feet from the ground. When they were able to perform it perfectly for the thousandth time, they moved directly to the top of the circus tent and tried it before an audience.

"It's too risky to practice up-stairs," said Karl, head of the Wallenda troupe. It is Karl who stands on the chair, which he balances on a rod supported on the shoulders of brothers Joe and Herman, who ride bicycles on the wire 75 feet aloft. Helen, Karl's wife, stands on Karl's shoulders.

"Besides," Karl says, "it is very risky to practice aloft without an audience, for it is the audience that steadies nerves and helps keep up their spirits." A full audience that is responsive makes them walk light and at their very best.

The nature of their work causes nervous stomachs and they always eat a slice of bread before going up on the wire. There are eight Wallendas and Grotfents, who are members of the family by marriage. Most of the troupe are married and after the show they go their own way to avoid family irritations. Known in every country in the world for their remarkable feats they head the 25 big time thrill acts at Jacksonville's first annual Zingabado Grotto Circus coming to Morgan county Fairgrounds on Labor Day Monday, September 6 for two performances at 2:15 p. m. and 8:15 p. m.

Proceeds are for the Zingabado Grotto Charities and Activities fund.

Boyle's Column

A Pipe Dream For The Ladies

By Hal Boyle
New York—(AP)—Should women smoke pipes?

One man's opinion is—a loud yes! A patriotic British schoolgirl raised the issue by starting a campaign to get the ladies of her troubled isle to take up pipe smoking in order to help relieve Britain's cigarette shortage.

There is much to recommend this idea in America as well as in Shakespeare's homeland, where a pack of coffin nails now costs about 75 cents. But why limit gallant womanhood to all? Must freeborn American and British women be restricted merely to a social drag on a fog or a public puff on the pipe that soothes?

Vanished Female Arts
Is there no Carrie Chapman Catt to restore to the convention-bound female sex of today the equal rights they once enjoyed with men in the whole wide realm of nicotine?

I am speaking of snuff taking, cigar smoking, and good old-fashioned pipe cut tobacco chewing—all now vanished female arts. But in the fine heyday of beauty the splendid ladies of Europe's courts were admired by their bearded dandies for the dainty skill with which they stuffed snuff up their nostrils amid pretty "ker-choo!"

Many a pioneer mother in the settling of the American West forgot her troubles by sucking on a corn-cob pipe. And many a debutante today has in her family album the picture of a grandmother in old lace who chewed cut plug while she worked over the washboard.

Ah, women were really women in those grand old days. They were pretty as a speckled pup in a red wagon and they could do the work of a percheron horse. They helped build this wonderful land, side by side with their men. Sleep well, gentle ladies, we miss and remember you.

Divorces On Increase
What has happened since your feeble daughters turned in disdain from snuff, cigars, the pipe bowl and the rich ripe cut plug? Well, the divorce rate has risen, and more and more women lose their husbands' salaries playing gin rummy or turn to the psychiatrist's couch to find an opiate against frustration. Let us start womankind back toward the brave times. Give them first the freedom of the pipe.

Once we get the ladies back on pipes, we can lead them—a puff at a time—back to cigars, and perhaps

even to chewing tobacco. It's no worse than bubble gum in technical color.

What do you say girls? After all, are you women or just wo-mice?

Five Teams To Play Here September 12-16 In Softball Carnival

For five days in September, from the 12th through the 16th, Jacksonville softball fans will see some of the hottest softball seen in many a day.

The "softball carnival" will match the best players in Jacksonville against five of the best softball teams in the Midwest. Selection of the Jacksonville squad will work as follows:

Each manager of an AA team is to send to the Sports Editor, Journal Courier, his selection for each position on the All-star team. The players he picks must be from one of the other teams. He cannot pick his own men.

From names sent in, votes will be compiled, and a 23 man squad will be named. This will include two men for each field position, three catchers, and six pitchers.

The five teams that will play here have already been booked. On Sunday, Sept. 12, the Champaign Moose club will play. They are Illinois State tourney finalists, and will possibly be champions. They'll bring such pitchers as Jack Moore, (formerly of Rock Island), and Ed Webber, most publicized chucker in the State tourney in Jacksonville last year.

Monday, Sept. 13: Lulu Bros. Drugs of Alton with the sensational Charlie Wiegand, 18 year old pitching sensation of the state tournament this year. Lulu Bros were state tourney semi-finalists.

Tuesday, September 14: Zenthoer Furs of St. Louis. They are St. Louis park champions and a powerful team. They feature pitcher Les Lees, formerly of the Rock Island Hawks of the National Softball league.

Wednesday, Sept. 15: Mike's Tavern of Gillespie; A small town team, but was one of the best in the state tournament this year.

Thursday, Sept. 16: The hottest team of them all, the Snack Candy Bar team of St. Louis. They are St. Louis Metropolitan champions and entrants for the A. S. A. regional in St. Joseph this week end.

Picking of these teams should begin at once.

Robert L. Greenleaf, chief machinist's mate, USN, son of M. E. Greenleaf of Kingman, Kansas, is serving aboard the submarine USS Sea Owl which recently participated in a training exercise with the salvage and rescue vessel, USS Kittiwake, in Panama Bay.

Greenleaf graduated from Jacksonville high school with the class of 1937. He has many friends in the Jacksonville vicinity.

During the exercise, the submarine spent several hours lying inert on the bottom with simulated casualties, while the Kittiwake removed "survivors" and raised the sub to the surface.

In orders to keep divers, equipment, and crews in readiness in event of an actual submarine emergency, the navy periodically conducts a simulated emergency, such as the recent Kittiwake-Sea Owl exercise, in each submarine operating area. This training exercise usually gets underway when the submarine becomes one hour overdue, at which time the navy and air force, if present in the area, are alerted to search for a yellow marker buoy which the submarine has released from the bottom of the ocean.

When the submarine has been located, the rescue-salvage vessel moors in such a position over the

Libbie Frances Postlewait Weds Vernon Jackson

White Hall—Before an altar decorated with white hydrangea and lighted tapers, Miss Libbie Frances Postlewait, daughter of Mrs. Libbie Ellis Postlewait of White Hall, and Vernon Arlo Jackson, son of Mr. and Mrs. Burt Jackson of Madison, South Dakota, were united in marriage in the First Baptist church, Sunday, August 29. The Rev. Ben A. Bohn, pastor of the church, performed the double ring ceremony.

The ceremony was preceded by a recital of organ music given by Mrs. Ben A. Bohn, Miss Betty Neil Moles, soloist, sang "Because," and "The Lord's Prayer."

Wears Beautiful Gown

The bride, given in marriage by her brother, John E. Postlewait of Springfield, was lovely in a white faille gown, styled with a tight bodice ending in a peplum, over a full gathered floor length skirt. Pearl buttons trimmed the front of the bodice and cuffs of the three-quarter length sleeves. Her fingertip veil of French tulle, bordered with lace, was held in place with a tiara of seed pearls and crystal.

Her only jewelry was a strand of white and gold Venetian glass beads, the gift of the groom. She carried a carved ivory and battenberg lace fan, topped with gardenias, and the rose point lace wedding handkerchief of Mrs. F. N. McLaren.

The matron of honor, Mrs. Clinton Edson Gibson, Jr., of Evanston, a cousin of the bride, wore a gown of peach blush marquisette over satin, fashioned with a tight fitting bodice and full skirt. She carried an old-fashioned bouquet of garden flowers.

Bride's Mother Wears Blue

The bride's mother chose a light blue silk print dress with gray accessories while the groom's mother wore a brown sheer print.

Ervin Jackson of Peoria served his brother as best man. Ushers were Urban F. Postlewait of Kane, and George R. Postlewait of Carrollton, cousins of the bride.

Immediately following the ceremony a reception was held in the church basement. Assisting in the serving were Mrs. F. N. McLaren, Miss Marcella Kirgan, Mrs. E. C. Roach of Jacksonville, Mrs. Eugene Pruitt, Miss Louise Keeney, Mrs. Clio Simmons, Mrs. William Owens.

LADIES GUILD DONATES \$90 TO CHURCH FUND

The Ladies Guild of Salem Lutheran church met with Mrs. William Meyer presiding. Devotions were led by Mrs. Fred Moeller. Minutes of the last meeting were read by Mrs. H. H. Koppelman, secretary, and the treasurer's report was presented by Mrs. Henry Kornick.

Members of the Guild voted to contribute \$90 to the 90th anniversary fund of the congregation.

Rev. Koppelman gave an interesting review of the church history.

Boston Raps Detroit; Kramer Has 15 Wins

Boston, Sept. 1.—(P)—The Boston Red Sox maintained their top-place American League lead today by defeating the Detroit Tigers, 10-1, to give righthander Jack Kramer his 15th pitching win. It was the Tiger's final visit to Fenway Park, where they lost nine of their 11 starts this season.

The Soxers blasted four pitchers for 10 hits and also collected seven bases on balls, three of which forced in runs.

Vigil Trucks opened for Detroit and had one hitter going until he started to wilt in the fifth, during which the Soxers scored twice on two-baggers by Billy Goodman and Dom DiMaggio and singles by Birdie Tebbetts and Bill Hitchcock.

Trucks blew sky-high in the sixth,

when the Red Sox set off a seven-run rally. Ted Williams launched it with his only hit of the game and the bases became jammed when Stan Spence walked and Goodman hit safely.

For A Nice Guy Boudreau Seems To Be Going Places

New York, Sept. 1.—(P)—For a nice guy, the kind Leo Durocher says "inches in the second division, Lou Boudreau seems to be doing a little better than all right."

He must be a nice guy. He waves to everybody. He waves at the other Cleveland infielders. He waves at the outfielders. He waves at the bullpen, at the bench. And between the waves he manages to play a whale of a lot of shortstop, and big for the American League batting lead.

A great competitor and a great guy, is the handsome Indian chief. Playing every day under perhaps the greatest physical handicap of any player doing a daily chore, and with the worries of a manager thrown in, he manages to remain graceful and thoughtful of others. Here's a fellow who has to report a half-hour ahead of anyone else to give him time to bandage legs and ankles which wouldn't otherwise stand up under the strain. Those tight bandages hurt, make no mistake about that. You don't need much imagination to realize what a relief it must be to get them off.

Yet, not so long ago in Boston, he kept on the bandages, and his uniform, for nearly 10 hours because he didn't want to disappoint a crowd.

His Indians had just lost to the Red Sox, and a lesser man would be surly and petulant and just waiting for someone to ask him for as much as the correct time so he could tell him where to go to get it.

At Braves Field, an exhibition game run hitting contest was scheduled for that night, and Boudreau had been advertised as one of the participants. Through some mix-up he didn't know about it until after his losing game.

He could have begged off, saying his feet hurt or giving some other legitimate excuse, but he didn't. He remained in uniform until time to go to the Braves' park, took part in the show, along with Vernon Stephens, Bobby Doerr and Ken Keltner, then started back to Fenway Park to finally change his clothes.

Get yours while they last.

A load of choice to prime steers pushed the alltime price peak up another 10 cents over the previous mark made only Monday and equalled Tuesday and earlier today. SEPTEMBER CORN LEADS UPWARD SURGE IN GRAINS

Chicago, Sept. 1.—(P)—With cash corn prices again spurring sharply, the grain market had a firm tone today. September corn was the strongest future contract, jumping more than 3 cents at times in sympathy with the advance in the cash grain. New crop corn contracts were little changed.

September wheat and oats also were strong. In both cases it was believed that deliveries of actual grain today had gone into strong hands. Commercial interests took the oats deliveries. Other oats futures also firmed.

In the cash market No. 1 yellow corn sold as high as \$1.12. This compared with a peak of \$2.07 yesterday. Last week-end the price had dropped under \$2.00. Feed manufacturers were said to be buying the cash grain.

Receipts were: wheat 14 cars. Corn 52. Oats 21. And soybeans 2.

Wheat closed 1-1/2 higher, September \$2.23, corn 3-1/2 lower to 11 higher, September \$1.07-1/2, oats were 1-1/2 higher, September 73-1/2, rye was 1-1/2 to 1 cent higher, December \$1.60, and soybeans were 2-1/2 to 3 cents higher, November \$2.47-1/2.

Steel, railway and automobile shares spearheaded the advance, one of the largest in the past three or four weeks.

Numerous issues established new highs for the year or longer.

Volume expanded well above recent sleepy sessions, with the total for the day headed for 1,000,000 shares. This would compare with only 600,000 yesterday.

Wall Street sources reported that demand was stimulated by what appeared to be a decided turn for the better in prospects for settlement of the Berlin blockade.

Higher included Nickel Plate, U. S. Steel, Bethlehem Steel, Youngstown Sheet, Rock Island, General Motors, Chrysler, Studebaker, Montgomery Ward, Schenley, American Telephone, Westinghouse Electric and Standard Oil (N.Y.).

In the bond market lines of the New Haven system were comparatively active at higher prices. The road acquired a new president yesterday. U. S. governments held steady in over-the-counter trade.

An Arbor, Mich., Sept. 1.—(P)—Michigan's 76-man football squad opened its rugged fall training today with hopes of retaining its Western conference championship.

Every one of the 64 invited candidates and an even dozen other hopefuls, who are paying for their own training table meals, were on hand to greet the Wolverines' new head coach, Bennie Oosterbaan.

Iowa City, Ia., Sept. 1.—(P)—Iowa's Hawkeyes took to the football field today for their first fall workout.

Favorites Stay In Western Women's Golf Tournament

San Francisco, Sept. 1.—(P)—Favorites crashed through to the quarter-finals today in second round of Monterey Park, Calif. He followed with a 3 and 2 triumph over Robert Harris of Los Gatos, Calif., the U. S. college king.

This double-barreled achievement as the field was whittled to 16 bouted Dixie's hopes for its first native winner since Jones won his fifth Amateur in 1930.

The road to the championship, however, looms as no easy one for Dahlbender or any of the other aspirants left after three full days of eliminations over the 687-yard Memphis Country Club course.

Frank Stranahan of Toledo, Ohio, seeking to add the U. S. to the British and Canadian crowns he already holds, is still around swinging—and getting tougher with each day.

In the running also are Marvin (Bud) Ard of Spokane, Wash., the bulldog competitor who won the crown in 1929 and 1941, and Willie Turnesa of Elmsford, N. Y., the polished stroker who captured the National in 1938 and the British Amateur in 1947.

As it turned out, the extra margin possibly saved the day. Miss Lindsay won back the 17th with a birdie 4 but the match ended when each got par-4s on the 18th. Miss Lindsay made a splendid last ditch try. A trap next to the 18th green caught her second shot. She chipped out, the ball hit in the cup, rimmed it and stayed out. The birdie she missed would have kept the match alive.

In contrast to the brilliant shot-making of this pair, trans-Mississippi champion Polly Riley of Fort Worth floundered through her match. She won 1 up but had to go to the 19th hole to eliminate Mrs. Frank Ingersoll, San Mateo.

Bums Strengthen Lead With Win Over Cubs

Chicago, Sept. 1.—(P)—The Brooklyn Dodgers finally solved the Johnny Summitt mystery today as they thumped the crack southpaw and the Chicago Cubs, 6-0.

Besides getting even with Summitt, who had beaten them five times previously, the Brooks strengthened their National League lead. It also helped the Dodgers forget their double loss to Chicago yesterday.

Preacher Roe and Jackie Robinson were the big guns in the Brooks' triumph. Roe hurled his second straight shutout. He gave up but four hits and walked none. In five innings the Arkansas pitcher set the Cubs down one-two-three.

It was Roe's eighth win against seven losses. He hadn't pitched a complete game in three months until he blanked the Cincinnati Reds with three hits last Saturday.

Braves, Reds Split
Cincinnati, Sept. 1.—(P)—The Boston Braves lost lead in their battle to regain first place in the National League today as they split the Philadelphia Phillies to tie the second game 1-1 after the Reds won the opener 3-1.

The split enabled the front-running Brooklyn Dodgers, who defeated Chicago, to extend their lead over Boston to a half-game. Johnny Vander Meer pitched five-hit ball for the first game victory but the Braves came back with a 21-hit attack to coast in on the nightcap. It was Vandy's 12th win as against 13 losses.

Giants End Losing Streak
Pittsburgh, Sept. 1.—(P)—South paw Monty Kennedy put a temporary chill on Pittsburgh pennant hopes tonight with a five hit performance as the New York Giants defeated the Pirates 3 to 1 to end a seven-game losing streak. The Giants got

The Dixons came out on top in their softball family feud with the Heaton's Wednesday night at Nichols park diamond, as they edged their opponents, 6 to 5, in a close battle.

Both teams scored single runs in the first inning but Dixons put together two singles, two errors, a safe bunt, an outfield fly and a triple in the third to take a 5 to 1 lead. Heaton's picked up two runs in the bottom half of the same frame on two hits and three errors.

Dixons scored what proved to be the winning run in the top of the fifth and although their opponents came up with a pair in their half of the inning they fell on their knees. Neither team scored in the last two frames and the game ended 6 to 5.

The opening game of the evening was won by the Exchange club juniors from the South Jacksonville Scouts by a football score, 26 to 0. A record high of 26 errors for the season by the Scouts didn't hurt the Exchange's bit.

Lair, Exchange club hurler, held the Scouts to one hit, a single by Huffman in the fourth. Hoots rapped an inside-the-park home run for the Exchange club.

Small Storms Keep Weathermen Alert

Miami, Fla., Sept. 1.—(P)—A small storm far down in the Caribbean kept weather bureau officials on the alert today. It seemed, however, to be losing what little force it had.

Meanwhile, the Atlantic hurricane had met a cold front and was rapidly losing its high winds as it passed off the Newfoundland banks.

A navy plane reported finding a small eye in the Caribbean storm. This indicates circulation. But the top winds were only 35 miles an hour. Chief Forecaster Grady Norton said the trade winds of that area blow that hard.

State's Attorney W. L. Fay Speaker At Lions Meeting

State's Attorney William L. Fay addressed members of the Lions club at their regular meeting Wednesday evening at the Dunlap hotel. Mr. Fay, introduced by Attorney Albert Hall, spoke on "The Duties of the State's Attorney's Office."

"Most citizens have a misconception of the duties of the state's attorney—they think he is concerned mainly with the prosecution of criminals while such is not the case at all," Mr. Fay told his audience.

Pointing out that the majority of cases handled by his office are not prosecutions, the speaker stated that county attorney would be a better name for his office than state's attorney as he acts as attorney for all county officials.

Among the various duties handled by his office, Mr. Fay listed road condemnation and school consolidation suits, and working with the sheriff's office on such matters as delinquent taxes and the handling of all insanity and mental cases in the county. A great part of his time is spent in adjusting grievances, he said.

The majority of criminal cases handled by the state's attorney's office are misdemeanor cases—those punishable by less than one year in prison, he stated.

Mr. Fay concluded his remarks by explaining the rights of citizens to a trial by jury, court trial and the services of an attorney or pleading guilty and throwing themselves on the mercy of the court, which the majority do.

Committees began distributing posters Wednesday evening calling attention to the Fall Festival, to be sponsored at the aFgrounds, September 9. Floyd Sorrell was appointed chairman of the committee for the next chicken fry to be held September 15 at the MacMurray cabin.

New Greenfield Coach Schedules 10 Grid Contests

BY JOHN CAMPBELL
The Greenfield Community high school football team will play a tough 10 game schedule as announced by Don Luketich, new football, basketball and track coach at the Tiger school. The Greenfield eleven have won two Ivy titles with the last being in 1945 when Allen Burghardt, colored star, sparked them to their second title. Another Burghardt, cousin of the former, played center for Greenfield in 1930, the first Ivy title winner for the Greene County team.

Greenfield has long been a football stronghold and several years ago played any tough outfit in the entire State including Springfield high and many large schools. The Greenfield teams had the distinction of beating White Hall 35 consecutive years until 1928 when the Maroons of White Hall eked out a 2-0 victory in a downpour of rain.

Coach Luketich, a 1948 graduate of the Arkansas State College and a regular quarterback for Coach Frosty England last season, is a believer in the famous T formation in football. Under Coach England this new Greenfield mentor perfected the formation in all games played last season. Coach Luketich is a native of Roxanna, Illinois and he is starting his first season in high school coaching.

Here's The Schedule
1948 football schedule Greenfield Community high school.
Sept. 10-Girard here (non conference) (night)

Sept. 23-At Marquette (Alton) (non conference) (night)

Several games in the Ivy conference will be played on Thursday night this season to enable the fans to see two or three conference games every week. Interest is running high for this year should be one of the closest Ivy races in years. Many teams lost heavily by graduation and the weaker teams last year will be improved this time. They will cause plenty of trouble for the favorites.

Gone by graduation from the Greenfield team of 1947 are Shields, Imel, Dixon, all conference guard last season; Kirkack, Hopper, Tucker and Nifong. The most promising candidates for this season are Kinser, center; Cochran, end; Owens, halfback; and Dorsey, quarterback.
